ROBEL GUESH TSEHAYE

SOFTWARE DEVELOPER AND UI/UX DESIGNER

ABOUT ME

I am an Information Technology graduate from Mekelle Institute of Technology, Mekelle University, with a strong focus on software design and development. I specialize in full-stack web development, as well as mobile and desktop application development using modern technologies such as React, Node.js, Tkinter, and Flutter. I also work as a UI/UX designer using Figma, creating intuitive and visually appealing interfaces. I have developed real-world applications, including fintech and ride-hailing solutions, which demonstrate strong problem-solving skills, clean architecture practices, and user-centered design. I am passionate about building scalable software solutions and continuously learning emerging technologies to enhance both functionality and user experience.

WORK EXPERIENCE

🕸 SOFTWARE DEVELOPER | JAN 2024-AUG 2025

IC SOFTWARE SOLUTIONS PLC

I designed and developed the IC School Management System, a full-stack web application built with React, Express.js, and MongoDB. The system streamlines core school operations, including student registration, class scheduling, attendance tracking, and payment record management. I successfully deployed the platform on <https://www.Yegara.com>, making it accessible the domain <https://www.e-student.icdigitals.com/>, ensuring reliable performance and user accessibility.

🕸 SOFTWARE DEVELOPER | AUG 2024 - AUG 2025

Lul Soft

I designed and developed the websites
